RECEIVED

SEP 02 1994

GROUP 1800

Sir:

This amendment is in response to the communication from the Examiner mailed August 1, 1994, to correct errors pointed out in the sequence listing previously filed.

IN THE SPECIFICATION

Please replace the Sequence Listing mailed on April 20, 1994 with the attached corrected pages numbered 54 through 103 and entitled "SEQUENCE LISTING."

REMARKS

The following corrections to the "Sequence Listing" were made.

On page 102, a typographical error in the length of SEQ ID NO:44 has now been corrected to indicate a length of 125 amino acids. This length corresponds to the number of amino acids shown in the sequence description.

In SEQ ID NO:45, on page 103, a third consecutive Gly at position 108 was inadvertently omitted. The sequence has now been amended to add the additional Gly at position 108 and to renumber the subsequent amino acid positions. The length of SEQ
